(A Govt. of Maharashtra Undertaking)

MSRDC: TRANSFORMING MAHARASHTRA'S TRANSPORT LANDSCAPE

Maharashtra State Road Development Corporation (MSRDC) has emerged as a pillar of efficiency and innovation. Through its tireless efforts, it has successfully reconfigured vital routes, considering migration patterns, the city's developments, and the revolutionizing of the state's infrastructure. This remarkable feat is testament to its unwavering dedication and commitment to progress.

DR. ANILKUMAR GAIKWAD
Vice Chairman & Managing Director, MSRDC

In its 28 years of existence, MSRDC has successfully constructed the mammoth Hindu Hrudaysamrat Balasaheb Thackeray Maharashtra Samruddhi Mahamarg and delivered many other state-of-the-art-architectural wonders. From India's first six - lane concrete, high-speed and access controlled expressway connecting Mumbai and Pune to the country's first cable-stayed sea link bridge and the 55 flyover built in the city to ease out traffic, the Corporation has been managing mega projects since its inception.

The MSRDC, with its unwavering commitment to enhancing travel experiences, has meticulously crafted and maintained roads. And its dedication to ensuring safe and well-maintained roads has been commendable. The primary focus of MSRDC is to manage and oversee various properties and assets, both movable and immovable, including land, road projects, flyover projects, toll collection rights, and ongoing construction projects.

By strategically upgrading expanding important roadways, the MSRDC has not only enhanced the state's transportation system but also fostered economic growth and development. These improved routes will facilitate smoother travel, connect previously isolated areas and unlock the untapped potential of Maharashtra's diverse landscapes.

Driven by a shared dream, the MSRDC aims to bring about transformative change in Maharashtra. With their upcoming projects, they aspire to reshape the landscape and enhance the quality of life for their residents. These visionary plans not only captivate peoples attention but also instill a sense of optimism for the future of Maharashtra.
