

A new history is being written on the land of Prayagraj. The organization of Mahakumbh next year will establish the cultural and spiritual identity of the nation to new peaks."

–**Narendra Modi,** Prime Minister

YOGI GOVERNMENT SETS THE STAGE FOR A SPECTACULAR MAHAKUMBH

Mahakumbh 2025 is set to surpass the record-breaking attendance of Prayagraj Kumbh 2019, which witnessed 24 crore devotees. This time, approximately 45 crore visitors are expected to participate in the grand event. Over 10 lakh Kalpvasis are anticipated to reside during the event, and on regular days, more than 5 lakh devotees are likely to take a holy dip at the Sangam daily.

The fair area for Mahakumbh 2025 has been significantly expanded compared to Kumbh 2019. This year, the fair will cover approximately 4,000 hectares, up from 3,200 hectares in 2019. In earlier Kumbh events prior to 2019, the area was less than 2,000 hectares. For Mahakumbh 2025, the entire fair area has been strategically divided into 25 sectors to ensure better management and facilities.

Beyond the fair area, 1850 hectares of land is being designated for parking along various routes, ensuring that devotees need to walk no more than 1.5 to 2 kilometers to reach the Sangam bank. Parking zones have been identified within a 2 to 5-kilometer radius, providing convenient access for visitors.
