YOGI GOVERNMENT SETS THE STAGE FOR A SPECTACULAR MAHAKUMBH

The Central Government has extended a major 'gift' for the world's largest cultural and spiritual gathering, Mahakumbh 2025. In response to the Uttar Pradesh government's request, a special grant of ₹2,100 crore has been approved, with ₹1,050 crore already released as the first installment.

"The Prime Minister envisioned a grand, divine, clean, safe, and well-organized Kumbh in 2019. Inspired by his vision, this time we are organizing a divine, grand, and digital Maha Kumbh.

– **Yogi Adityanath**, Chief Minister

Electric buses and other vehicles will transport devotees to the Mahakumbh site. To facilitate this, the government has developed new infrastructure, including the deployment of 550 shuttle buses and over 7000 buses from the Uttar Pradesh Transport Corporation. Additionally, 07 new bus stands are being constructed for better connectivity.

Significant infrastructure upgrades have been made compared to Kumbh 2019. While 9 ROBs (railway overbridges) and 6 underpasses were built in 2019, this time 14 ROBs have been constructed. The number of permanent concrete bathing ghats has increased from 4 to 9. Temporary ghats, which spanned 8 kilometers during the last Kumbh, will now extend over 12 kilometers for Mahakumbh 2025.

For the first time, a riverfront is being developed along the banks of the Ganga. The government is taking extensive measures to ensure that no solid or liquid waste flows into the river. Several sewage treatment plants (STPs) have been constructed to maintain the uninterrupted flow of a clean Ganga, allowing devotees to experience its pristine beauty.

To cater to the needs of devotees from across the country and abroad, a 100-bed temporary hospital will be established at the Parade Ground in Prayagraj, along with 25-bed hospitals at Jhunsi and Arail. Additionally, 1800 Ganga Sevadoots will be deployed to manage cleanliness, sanitation, and fire or other disaster prevention efforts during the Mahakumbh.

MAHAKUMBH 2025
