FIXED ICU PACKAGES AT NOMINAL RATES

Eden Critical Care Hospital is making intensive care more accessible with the introduction of Fixed ICU Packages at nominal rates. Understanding the medical and financial challenges that come with critical illness, the hospital aims to ease the burden on patients and their families by offering affordable and transparent pricing for high-quality care.

With this new initiative, patients can now focus on their recovery without the stress of unpredictable medical expenses. Eden Critical Care Hospital ensures top-tier ICU services through its world-class facilities and a dedicated team of expert Intensivists, all while maintaining cost-effective pricing.

The hospital's commitment to compassionate, reliable care at affordable rates reflects its mission to provide exceptional healthcare to all, regardless of financial constraints. Eden Critical Care Hospital is dedicated to supporting patients every step of the way during their recovery journey.

DR SANJAY BANSAL: MANAGING DIRECTOR OF EDEN CRITICAL CARE HOSPITAL:

Dr. Sanjay Bansal, Founder and Managing Director of Eden Critical Care Hospital, completed his M.Ch. in Neurosurgery from PGI Chandigarh 25 years ago. It was then that he envisioned creating a dedicated critical care hospital that not only provides world-class healthcare services but is also affordable for patients. Today, his vision has come to life through Eden Critical Care Hospital, setting new benchmarks in advanced, accessible, and compassionate patient care.

EMERGENCY SERVICES - 24/7 AT EDEN CRITICAL CARE HOSPITAL

A state-of-the-art Emergency Area with a unique TRIAGE system has been introduced to revolutionize emergency care. Designed to function like an operation theatre, this advanced facility ensures life-saving treatment during the crucial GOLDEN HOUR , significantly improving outcomes for critically ill or injured patients.

TRUSTED DIAGNOSTIC SERVICES FOR YEARS

Eden Hospital has been utilizing advanced Open MRI and CT Scan machines for a long time, ensuring accurate and reliable diagnostic services. The Open MRI provides a comfortable solution for patients, especially those with claustrophobia, while the CT Scan delivers quick and precise imaging for effective diagnoses.

With years of trusted service, Eden Hospital remains committed to offering the best in patient care and advanced medical technology.

COMPASSIONATE CARE: THE HEART OF EDEN

What truly makes Eden Critical Care Hospital special is its people. Eden Hospital's philosophy of “healing the soul while treating the body” resonates throughout the facility, creating a compassionate environment where every patient is treated with dignity, respect, and care. “From our expert doctors to our dedicated nursing staff, every individual is committed to ensuring that patients receive not only the best medical treatment but also feel truly cared for and valued,“ says Dr Bansal.
