Prime Minister Shri Narendra Modi has also appeal tourists about the dangers of single-use plastic in the mountains. The state government has already implemented a robust plastic waste disposal system in the Char Dhams. Additionally, efforts to return plastic waste through QR codes along the travel routes are yielding results. Following the Prime Minister's appeal, awareness among tourists is expected to increase.

Similarly, as per the Prime Minister's request, stalls of women self-help groups are being set up along the travel routes to encourage tourists to buy more local products. Travelers are urged to follow traffic rules for safe travel in the mountains and to maintain the sanctity of the holy shrines. This will help preserve the dignity of these sacred sites.
