BLIVE ELECTRIC BIKE TOURS - Year Round

BLive is India's first electric bike tourism venture offering curated and guided tours. Founded in 2018, BLive started by offering experiential tours powered by e-bikes. The travel tech platform offers immersive experiential tours powered by smart and savvy electric bikes. The e-bike tours provide an intimate local experience taken a notch higher by combining it with the simple joy of cycling. The tours are driven by locals and offer a glimpse of the quintessential Goan culture. BLive also cherry-picks its guides - called captains - and brackets, the BLive guide at the tail-end of the group. On its captain's roster are bloggers, architects, and engineers who know the history of a place and are great storytellers. On occasions, experts/ freelancers also come along to offer deeper insights into the tales of the land. All bikes are charged at hubs before the ride and have a range of 50 km. Check out the trails B-Live have to offer! The startup now has an exclusive 20-year partnership with the Goa Department of Tourism.

WALKING TOUR - Year Round

While Goa offers you a variety of different rides to enjoy, the best way to experience the beauty and culture of this heaven on earth is still on your own two feet. The Department of Tourism has partnered with Soul Travelling to offer you a variety of walking tours that bring you face-to-face with the culture and history of places as you explore them. Some of these exciting guided tours take you through noteworthy locations like Old Goa, The Latin Quarter, Chorao Island, Chandor, etc., while experts will explain their history to you. What a great way to walk the walk.

GOA MILES

If you've been to Goa before, you've certainly wondered about how you're going to be getting around. Worried that when taxi operators notice that you're a tourist, they won't miss the opportunity to overcharge you? Well, that's all a thing of the past! Introducing Goa Miles, Goa's most affordable app-based taxi service. Having recently been awarded "the most innovative use of information technology - social media/mobile app website award," Goa Miles is zipping forward on its way to revolutionising the travel experience of visitors to the state!

What's more, Goa Miles does not collect any revenue from drivers either. By taking flat fees per trip from passengers, Goa Miles makes driving around Goa, affordable and completely digital.
