FESTIVALS

Odisha Tourism's annual festivals are a great window into the state's myriad offerings.

Odisha Tourism hosts several festivals for tourists every year. Two of the most prominent are the International Sand Art Festival and the Konark Dance Festival, celebrating, respectively, the artistic prowess of sand sculptors and classical dancers, providing a visual spectacle against the backdrop of the iconic Sun Temple in Konark.

International Sand Art Festival

Held on the Chandrabhaga Beach near Konark, the Sand Art festival is a place where stories are made, where the formless sand morphs into shapes hitherto unimaginable. At the festival, the immense beach becomes the artist's canvas. Visitors can see the exquisite sand sculptures produced by highly skilled sand artists from both India and abroad, from countries like Mexico, Spain, Singapore, France, Norway, Germany, Netherland & USA. Not just the traditional sand sculptures, you may expect sand, stone, bronze or wood also incorporated into the artwork. The International Sand Art Festival was started in 2011 and is held at the same time as the Konark Dance Festival.

Konark Dance Festival

This festival celebrates dance, music and art in a venue where every stone has a story to tell. The Konark Dance Festival has been held on the poetic sands of Konark since 1986. Held in December every year, the festival attracts a bevy of tourists and dance enthusiasts, who come to witness the grand spectacle. Held in the open-air
