A mosaic of faith and history

Ayodhya, the legendary birthplace of Lord Rama, stands as a symbol of cultural heritage and religious devotion. This ancient city, steeped in the narratives of the Ramayana, is a fusion of mythological grandeur and historical depth. Situated in Uttar Pradesh, Ayodhya is easily accessible via India's air, rail and road network. Prime Minister Narendra Modi inaugurated a renovated railway station and a new airport just ahead of the formal inauguration of the temple.
