# ODISHA'S MAKEOVER

**INDIA TODAY commissioned a study on the socio-economic development taking place in Odisha and how the state fares in comparison to the national benchmark. The data-based objective study conducted by Marketing and Development Research Associates (MDRA) found that the state has been making massive improvements on multiple indicators, mostly driven by government spend in various sectors.**

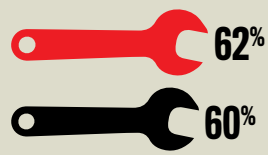

## PER CAPITA INCOME

Growth between FY12 and FY23

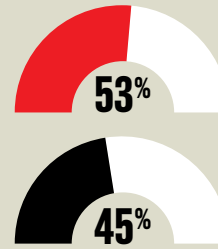

## LABOUR FORCE PARTICIPATION

Age group of 15-59

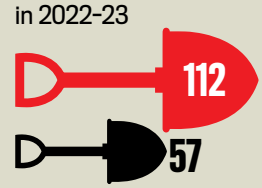

## WOMEN REPRESENTATIVES IN PANCHAYATS

## MGNREGA

Beneficiaries per thousand population in 2022-23

## JAN DHAN

Accounts opened per 1,000 persons

## TOTAL EXPENDITURE ALLOCATION IN 2023-24

## CAUSE OF CONCERN

**EDUCATION: Odisha's expenditure allocation in 2023-24 is lower than the average allocation by other states**

● Odisha ● India average

## ▼SKILLING THE WORKFORCE

**USHA PADHEE**
Principal Secretary, Skill Development and Technical Education Department

*"We have experimented with corporates where a nano-unicorn programme has been launched, in which the revolving fund can be given starting with Rs 1 lakh, and it is interest-free. They would be trained for micro-MBA, and become self-employed and employers"*

**PROF PRADIPTA NANDA**
Vice Chancellor, Siksha O Anusandhan Deemed to be University, Bhubaneswar

*"Gone are the days of working in silos. This is the age of collaboration and synergistic effort to solve a problem rather than expertise in a single discipline, which has been felt by all the academicians"*
