IIM-C students with dean Prof. Sumanta Basu

DEBAJYOTI CHAKRABORTY

cooperative endeavour of 33 leading B-schools across the world. Through this platform, the institute offers collaborative courses with B-schools in Norway, Sweden, the Ivey Business School in London, and others. It also runs exchange programmes separately with 74 institutes from the US, UK and other nations.

In 2023-24, 25 students from IIM-C went abroad under the CEMS-Master in International Management programme. It also hosted five students under the programme. Students cracking the CEMS-MIM program get a dual degree, one from IIM-C and another from their guest institute, after completing the two-year course.

Under the Student Exchange Programme (STEP), IIM-Calcutta hosted 30 students and sent 84 of its own abroad. The institute has maintained its streak of 100 per cent placement for students. In 2023-24, the average salary offered was Rs 32.62 lakh per annum, while the median salary was Rs 30 lakh p.a. (the maximum was a stunning Rs 1.15 crore).

According to Basu, finance and consulting companies continue to dominate the placement show. However, he adds, tech marketing and digital marketing companies have been showing more interest recently. Similarly, placement offers from start-ups have also gone up. "We have a Section 8 company that incubates new start-ups in collaboration with the Tata Social Entrepreneurship Challenge," Basu says, as he explains how IIM-C is aiding

## ALUMNISPEAK

**"I wondered how IIM-Calcutta would upgrade itself in the face of the advent of AI, but then I came to know that they were up to speed. I'm glad IIM Calcutta has held its own"**
