

Jewar International Airport will not only expedite the development in state but will also become a big source of employment generation. The foreign investors are quite excited for investment in state in view of the policies of Uttar Pradesh Government and this is just the beginning.

— Daniel Bircher CEO Zurich airport Asia

This is 110% of the given target and with its help, MSME units will be established in the different parts of state. It will directly help those youth who are in search of employment and will also indirectly create many job avenues.

MORE THAN 8000 AGREEMENTS

Through UPGIS the government was not only inviting big investors for investment in state but along with it the government also intended to promote small investors and entrepreneurs. Government got a big success in it. Along with big Investors, thousands of small investors have also signed MoUs for MSME sector.

Under the investment proposals related to MSME sector, maximum 6212 MoUs were those whose worth was less than Rs 10 crore each. With the help of it total investment worth Rs 26124 crore will come to the state. 8708 MoUs were those where capital investment was less than Rs 50 crore each and with the help of it Rs 105242 crore investment will come to the state.

A total of 121 MoUs were signed whose investment capital is less than Rs 50 crores, which will attract investment of Rs 32312 crore. Investment capital between Rs 50 crore to Rs 100 crore were signed through 65 MoUs and it is expected to bring Rs 5341 crore as investment to the state. On the other hand, 33 MoUs were signed whose investment capital ranged between Rs 100 to 200 crore and it is expected to bring Rs 4984 crore as investment. 13 MoUs of capital investment between Rs 200 to 500 crore were signed which can bring Rs 3391 crore investment. On the other hand 10 MoUs worth more than Rs 500 crore each are expected to bring Rs 18596 crore investment in state.
