> **If there is capital investment, industries will be set up, if industries are set up then employment will increase. With this vision, Yogi government has organized the Global Investors Summit. This effort of government is on the appropriate highway. The train of development is running at full speed on the express highway in UP."**
>
> *— Nitin Gadkari, Union Road and Transport Minister*

Minimum 25 Udyami Mitras will be appointed at industrial authority level and in each and every district minimum one Udyami Mitra will be appointed. Chief Minister also directed that a call centre should be set up to help and meet the needs of foreign investors. Here also professionals will be appointed. To provide benefits of all Sectoral policies including industrial development and employment appreciation to the investors and that too without any delay and with less human intervention, instructions have also been given to make technical arrangements in the portal according to the policy of the government. There should be a common format of application for implementation of MoUs in all departments which will help investors. Efforts are going on in this direction.

## ARRANGEMENT OF LAND

Chief Minister Yogi Adityanath had set the target to implement the investment proposals in the next 6 months. For this, all additional chief secretary and principal secretary level officers have been adviced to work in tandem with their departmental ministers and review the proposals received.

Revenue department and all other Industrial Development authorities along with other departments will work collectively for the availability of the land according to the need of project and the interest of investor. Many big proposal related to hotels, logistics and sectors like tourism were received during GIS. These are the sectors which will need land in the urban areas. Keeping this in mind, Yogi government had already instructed housing and planning department to prepare the land Bank before the GIS event. For this purpose Aawas Vikas Parishad (housing Development council) along with 14 development authorities have prepared a land Bank of 634.449 hectares.For the Implementation of the investment proposals Udyog Bandhu will have its state level meeting at every third month. In districts, the meetings of Udyog Bandhu with district magistrates and superintendent of police will commence every month without fail. State level bankers committee will also have regular meeting in which other financial institutions will also be invited.

# 5 STEPS FOR CONVENIENCE OF INVESTORS

## 1 INVEST UP

'Invest UP' has been formed on the lines of 'Invest India' to eradicate the problems related to investment and encouraging the investors. CM is head of this institution and he himself monitoring the functioning of Invest UP so that there will be no inconvenience to the investors.

## 2 NIVESH SARATHI

Government has developed 'Nivesh Sarathi Online System' for proactive investors connect, hand holding of MoUs along with the supervision of their implementation. The system online transfers the investment proposal to the concerned department after receiving it.

## 3 NIVESH MITRA PORTAL

All kind of approvals are being issued to the investors with this Nivesh Mitra portal only. Investors can see all the actions and procedures taken by the concerned department and government online. Once the investment proposal gets approved, all other related procedures are also being issued online.

## 4 ONLINE INCENTIVE MANAGEMENT SYSTEM

After the investment according to the proper implementation of different policies of the government the investor is being provided production based subsidy and rebates through this 'Online Incentive Management System'.
With this system there will be no need for the investor to come to Government office for rebates and subsidies.

## 5 UDYAMI MITRAS

For the assistance of investors and entrepreneurs Yogi government is going to appoint 105 entrepreneur friends or Udymi Mitras this time. The Udyami Mitra will remain in constant touch with the investors and solve all their investment related problems. They will work as a bridge between Government and investors. This is a big step towards ease of doing business.
