

▲ BUILDING A PROGRESSIVE KARNATAKA: Strategies for inclusive engagement of the youth

"While other states are positioning themselves as an investment destination... we are positioning ourselves as a state for knowledge and skill. So, we are building a solid foundation for education and employable skill sets. We are the first state in the country to set up an advisory council in emerging technologies"

◀ A VIGILANT FORCE: How Bengaluru cops are using tech to fight crime

"To prevent corruption, one of the methods is to implement more and more technology. All our traffic policemen are given body-worn cameras now. In all their enforcement activities or any public engagement, they have to switch on these cameras. Plus, our traffic enforcement is already contactless...so more and more technology brings in accountability"

B. DAYANANDA, *Police Commissioner, Bengaluru*
