LAMBORGHINI URUS SE

Lamborghini has launched its first plug-in hybrid SUV in India with the Urus SE. It's priced at Rs 4.57 crore (ex-showroom) and is powered by a 4.0-litre V8, twin-turbocharged engine that churns out 620bhp of peak power and 800Nm of peak torque, on ICE power alone. Meanwhile, the e-motor is rated at 192 bhp and 483Nm and bumps up the combined output to 800bhp and 950Nm. The Urus SE has a 25.9kWh

MINI COOPER S & COUNTRYMAN

Mini India has launched the new Cooper S hatchback and the electric Countryman SUV. The Cooper is now in its fourth-gen, and is the last internal combustion-powered version of the car. It continues with the same iconic design theme, with a fair bit of modernisation, including OLED signature lighting at the front and rear which have different lighting modes. A 9.4-inch round OLED infotainment dominates the centre console running Android-based UI. The Countryman has been launched for the first time in its electric form. The design is an evolution of the older car but it gets sharper details and is 60mm taller and 130mm longer. The SUV's WLTP range is 462km, while it supports 130kW DC charging.
