

Mr. Sanjay Bhan, Executive Vice President, Hero MotoCorp and Mr. Bienvenido Sanvictores Santos, Chairman of Terrafirma Motors Corporation, handed over the keys of the Xpulse 200 4V to a customer during the commencement ceremony of operations in Philippines

> THE AUCTION GENERATED UNPRECEDENTED ENTHUSIASM AND EXCITEMENT, CULMINATING IN THE HIGHEST BID OF RS 20.30 LAKH FOR THE MOTORCYCLE NUMBERED CE100

associates, business partners, and stakeholders. Furthermore, the company will utilise contributions made from the proceeds towards the greater good of society, reflecting the Founder's enduring value of giving back to the community. To add to this, the company celebrated 100 days of customer and employee engagements across its facilities and dealer network, including its international markets. During this period, customers who bought any Hero motorcycle or scooter had the unique opportunity to receive 100 per cent cashback on their purchase. This offer was available for a limited number of 100 vehicles. Hero MotoCorp also invited customers to partake in the 'My Hero, My Story' campaign. Under this initiative, one could share anecdotes showcasing their unique bond and journey with the brand. A distinguished panel of experts from diverse backgrounds carefully evaluated the submissions, and the top entries had a chance to be rewarded with 'The Centennial'.

On September 13, the two-wheeler giant from India concluded the auction and raised Rs 8.6 crore for charitable initiatives. The overwhelming response to 'The Centennial' reflects the deep admiration and respect for Hero's Chairman Emeritus, Dr. Brijmohan Lall Munjal. The auction generated unprecedented enthusiasm and excitement, culminating in the highest bid of Rs 20.30 lakh for the motorcycle numbered CE100.

Hero MotoCorp is also building on its global business strategy with commencement of operations in the Philippines. Hero has partnered with Terrafirma Motors Corporation (TMC), which is a part of the Columbian Group of Companies. This partnership was first announced in October 2022. A state-of-the-art assembly unit and parts warehouse has been set up in Laguna, Philippines. It spans over 6,000 square metres and boasts an annual capacity of over 150,000 units. This assembly facility will produce the Xpulse 200 4V, Hunk 160R 4V and the Xoom 110 scooter. Hero MotoCorp plans to expand operations to the Brazilian market in the near future.
