

BULL'S EYE

The pressures of restricting and reversing climate change and saving our planet are immense. So even the most extreme of manufacturers with a fanatical following have had to change tack and the result is not a scrambled mess as the name Revuelto–derived from a famous fighting bull of 1880s, but also meaning 'mixed-up' in Spanish–would suggest. We had the opportunity to spend a day driving the flagship of the Lamborghini range in the Italian countryside and discovered the joys of a car that probably heralds a new era.
