THE QUOTA CONUNDRUM

"I want the caste census to be done because both the Centre and the states have to make policies and programmes to mainstream the most marginalised castes. At least the government must have data of the castes to allocate funds in the ratio of their population"

CHIRAG PASWAN

"Caste equations should be removed from politics; giving tickets on the basis of caste, that needs to change. Elections should be fought on ideology.... When I talked to the other new MPs, they agreed with me on this"

TANUJ PUNIA
Congress MP from Barabanki, UP
