

destination state. Through this theme, the message was given to the organizers of the conference that Uttarakhand will pave the way for prosperity by walking on the path of peace.

PRIME MINISTER'S INSPIRATION

The historic success of Uttarakhand Global Investors Summit, 2023 is the result of the far-reaching vision of Prime Minister Shri Narendra Modi and the tireless hard work of Chief Minister Shri Pushkar Singh Dhami. When the Prime Minister was the Chief Minister of Gujarat, he started organizing Investors Summit named 'Vibrant Gujarat'. Inspired by this, the State Government organized an Investors Summit on the theme of 'Destination Uttarakhand'.

CHIEF MINISTER'S TIRELESS WORK

The two-day Uttarakhand Global Investors Summit, 2023 proved to be an effective step towards establishing the state as a new investment destination. This program was successful because Chief Minister Shri Pushkar Singh Dhami made tireless efforts and hard work for it. He conducted road shows in the country and abroad for the success of this event and invited the investors to personally visit Devbhoomi Uttarakhand.

FULL COOPERATION FROM UNION GOVERNMENT

Uttarakhand is getting the benefit of double engine government. Modi government at the centre and Dhami government in the state are taking the development of Uttarakhand forward at the speed of double engine. In this conference, Prime Minister Shri Narendra Modi highlighted the untapped potential of Uttarakhand and urged investors to take maximum advantage of it. While the current government of the state is working keeping in mind the local realities, the Government of India is making unprecedented investment in Uttarakhand.

MOU FOR INVESTMENT OF RS 3.5 LAKH CRORE

The success story of Uttarakhand Global Investors Summit, 2023 is reflected in the fact that MoUs for investments worth more than Rs 3.5 lakh crore were signed in the event. Also, the work of implementing investment proposals worth Rs 44,000 crore started. Arrangements have been made by the state government to ensure that the MoUs that have been signed are implemented in a time bound manner.

WED IN INDIA

Prime Minister Shri Narendra Modi had presented the concept of 'Make in India' to the country in 2014. On similar lines, the concept of 'Wed in India' was put forward in the Uttarakhand Global Investors Summit, 2023. Prime Minister Shri Narendra Modi said in his address that every family should have at least one destination wedding in Uttarakhand. The Prime Minister said, "I want to tell the rich and affluent people of the country that God makes couples. People get married in foreign countries instead of at the feet of God. Avoid doing this and come to a place like Uttarakhand and have a destination wedding."

By promoting 'Wed in India' on the lines of 'Make in India', India's money will not go out and local business will be promoted. As you all know that the country has to face double loss due to marriages taking place abroad. On one hand, Indian money is spent abroad and on the other hand, local businesses suffer losses. Keeping these things in mind, Prime Minister Modi said,

> "A few years ago, when I had set out to visit Baba Kedar, suddenly it came out of my mouth that the third decade of the 21st century will be the decade of Uttarakhand. And I am happy that I am continuously witnessing that my statement is becoming a reality. All of you are also getting a huge opportunity to join this pride and join the development journey of Uttarakhand. Uttarakhand is that state, where you experience both divinity and development together.
