adaptable and drought-resistant, it stands out for its distinctive flavour and aroma.

3. Appemidi Mango (Karnataka)

Appemidi Mango originates from various river valleys in Karnataka, including Aghanashini, Kali, Bedthi, Sharavathi, and Varada. The mango's unique flavour is attributed to the agro-climatic conditions of these regions. The distinct taste and aroma make it a sought-after variety, embodying the rich agricultural heritage of Karnataka.

4. Bangalore Rose Onion (Karnataka)

Bangalore Rose Onion is a pungent and pickling type variety grown in Kolar, Chikkaballapur, and Bangalore districts of Karnataka. Known for its scarlet red colour, high pungency, and extended shelf life, this onion variety has carved a niche in international markets. Its cultivation is exclusive, with specific characteristics making it ideal for export to countries like Malaysia, Singapore, Indonesia, Bangladesh, and Sri Lanka.

5. Tirupathi Laddu (Andhra Pradesh)

Tirupathi Laddu holds global acclaim as an offering at the Tirumala Temple in Andhra Pradesh. Its distinctive quality is attributed to the use of natural ingredients like dhall, ghee, and nuts, coupled with the skilled craftsmanship involved. Symbolizing sacredness, this laddu has become a cultural and spiritual icon.

6. Etikoppaka Toys (Andhra Pradesh)

Etikoppaka Toys represent a centuries-old tradition of wooden lacquered crafts from the region around the village of Etikoppaka in Andhra Pradesh. Dating back to the 18th century, these toys are known for their unique colouring process, requiring skilful execution. Craftsmen use heat to soften the lacquer, creating a smooth finish that is polished to a brilliant shine. The intricate process adds to the allure of Etikoppaka Toys in both local and international markets.

7. Coorg Arabica Coffee (Karnataka)

Coorg Arabica Coffee thrives in the Kodagu district on the slopes of the Western Ghats in Karnataka. The raw Arabica coffee beans from Coorg exhibit a bluish-green colour and are characterized by a pleasant aroma, balanced acidity, strong body, and hints of floral notes with a dark chocolate aftertaste. The unique biotic and abiotic conditions of Coorg contribute to the distinct aroma and flavour notes of its Arabica coffee.

8. Udupi Sarees (Karnataka)

Udupi Sarees, handwoven in the Dakshina Kannada and Udupi districts of Karnataka, showcase the region's traditional craftsmanship. Produced with check designs or plain sarees with Butta designs, these sarees stand out for their quality combed cotton yarn and Art Silk yarn. The unique colour contrasts in pallav and border portions add to their distinct appeal.

9. Mysore Sandalwood Oil (Karnataka)

Mysore Sandalwood Oil, derived from Santalum album, has been a prized fragrant material for over a century. Produced through distillation, it is known for its colourless to golden yellow appearance and a sweet, woody aroma. Valued in perfumery for its fixative properties, Mysore Sandalwood Oil has historical significance, with the Mysore Sandalwood Oil factory dating back to 1915.

10. Pokkali Rice (Kerala)

Pokkali Rice, cultivated in the Pokkali tract across Ernakulam, Alappuzha, and Thrissur districts, is distinct for its medium-bold shape, good cooking quality, and unique taste. Grown through organic farming practices, it has medicinal properties and is used in traditional health care foods like "Marunnukanji." The rice bran is believed to be beneficial for issues like piles.

11. Wayanad Jeerakasala Rice (Kerala)

Wayanad Jeerakasala Rice, a traditional aromatic rice from Wayanad District, Kerala, is celebrated for its characteristic fragrance and aroma. With grains of medium size and golden yellow colour, this scented, non-basmati rice stands out for its pleasant flavour. The climatic conditions, varietal characters, and cultivation methods contribute to its premium quality.

12. Tirur Betel Leaf (Kerala)

Cultivated in Tirur and nearby areas of Malappuram district, Tirur Betel Leaf stands out due to its high content of total chlorophyll and protein. With high antioxidant capacity and phenol content, these betel leaves are used for medicinal purposes. The leaves, with their unique properties, are especially valued for their anti-fungal attributes.

13. Kasaragod Sarees (Kerala)

Sarees from Kasaragod in Kerala are known for using high-quality combed cotton yarn. These sarees are
