

FAIR AND TRANSPARENT EMPLOYMENT PROCESS FOR YOUTHS

In the past six years, under the leadership of Chief Minister Yogi Adityanath, the government of Uttar Pradesh has fostered an environment that values the talent of the youth. So far, the state has witnessed the appointment of more than **6** lakh youths to government posts.

The appointments made under the Yogi government have remained unquestioned. Currently, no appointment processes are pending in court.

The placement of selected candidates is devoid of human interference at any stage. Utilizing the Manav Sampada Portal, candidates are selected for available positions solely based on merit, without any prior information or external influence.

Within a span of one year, the Uttar Pradesh Public Service Commission (UPPSC) declared the results of the PCS-2021 examination, matching the pace of the Union Public Service Commission (UPSC). Notably, in April of this year, prior to the IAS-2022 examination results, the UPPSC declared the results of the PCS-2022 examination.

The State Public Service Commission has introduced new examination-related reforms, eliminating optional subjects from the PCS exam. Instead, the UP Public Service Commission has now incorporated two question papers that focus on information about Uttar Pradesh.

The UP Public Service Commission has transformed its interview system into a "nameless-faceless" process. Interview councils no longer receive information about the candidate's name, caste, or details regarding their college or university. Each candidate is now identified by a unique code, ensuring a more impartial and unbiased interview process.

Candidates are now relieved from the hassle of repeatedly applying to appear in State Public Service Commission examinations. One Time Registration System (OTR) has been launched by Chief Minister Yogi Adityanath in the State Public Service Commission, streamlining the application process for candidates.

Yogi government has exempted Group-B and Group-C non-gazetted posts from the interview process. Arrangements have also been made for the Preliminary Eligibility Test (PET). Lakhs of youth participate in it every year. This initiative has resulted in the recruitment of highly capable individuals across various sectors in the state.

In the Basic Education Department, there have been **1.26** lakh recruitments, the Secondary Education Department has witnessed over **40,000** recruitments and Higher Education Department has witnessed over **5000** recruitments. It has been decided by the state government that every year efforts will be made to provide government jobs to **1** lakh people and **12** to **15** lakh jobs in the private sector.

Yogi government has constituted the UP Education Selection Commission. The commission will select teachers of non-government-aided colleges, teachers of non-government-aided inter colleges, assistant teachers in aided junior high schools, and affiliated primary schools of the state.
