

"Uttar Pradesh is setting new benchmark of development in all the sectors under the leadership of Chief Minister Yogi Adityanath. The state has emerged from the shadows of disappointment and treading the path of its aspirations and expectations. As security strengthens and conveniences increase, there is bound to be prosperity. New development projects will further strengthen the state."

— ***Narendra Modi**, Prime Minister.*

INDUSTRIAL GROWTH AND INVESTMENT FLOURISH IN YOGI'S UP

The Yogi government, through a series of reforms, has implemented **30** crucial policies, including the Industrial Investment and Employment Promotion Policy, Micro, Small, and Medium Enterprises (MSME) Policy, Textile and Garment Policy, and Dairy Production Promotion Policy. This has sent a positive signal to the investor community.

UP has emerged as an achiever state in ease of doing business. Under the MSME policy, the state government has given a relaxation of **1000** days to the entrepreneurs to start production and complete the processes by setting up an MSME unit.

Chief Minister Yogi Adityanath has constituted the 'Investment Implementation Unit' in all departments for implementation and continuous monitoring of investment proposals. This unit is responsible for implementing all investment proposals within its respective department and maintaining regular communication with investors.

Senior officers have been entrusted with the responsibility of monitoring sector-wise or investment proposal-wise. To facilitate investors, 'Udyami Mitras' are being deployed under the Mukhyamantri Udyami Mitra Yojana.

8000 acres of additional land have been arranged for the implementation of investment proposals received during the Global Investors Summit (GIS). This brings the total available land for industrial activities to **20,000** acres.

Yogi government has started developing industrial areas in the form of clusters in the state. In this sequence, the Yogi government is setting up Apparel Park Cluster in Yamuna Expressway Industrial Development Authority (YEIDA). This is the first industrial cluster established by Yamuna Expressway Authority.
