INDUSTRIAL GROWTH AND INVESTMENT FLOURISH IN YOGI'S UP

The largest hyper-scale data center in the country, "Yotta D1," has started in Greater Noida, attracting substantial investments from major companies. Additionally, a Film City is underway on a sprawling **1,000** acre land in Noida, promising significant employment opportunities.

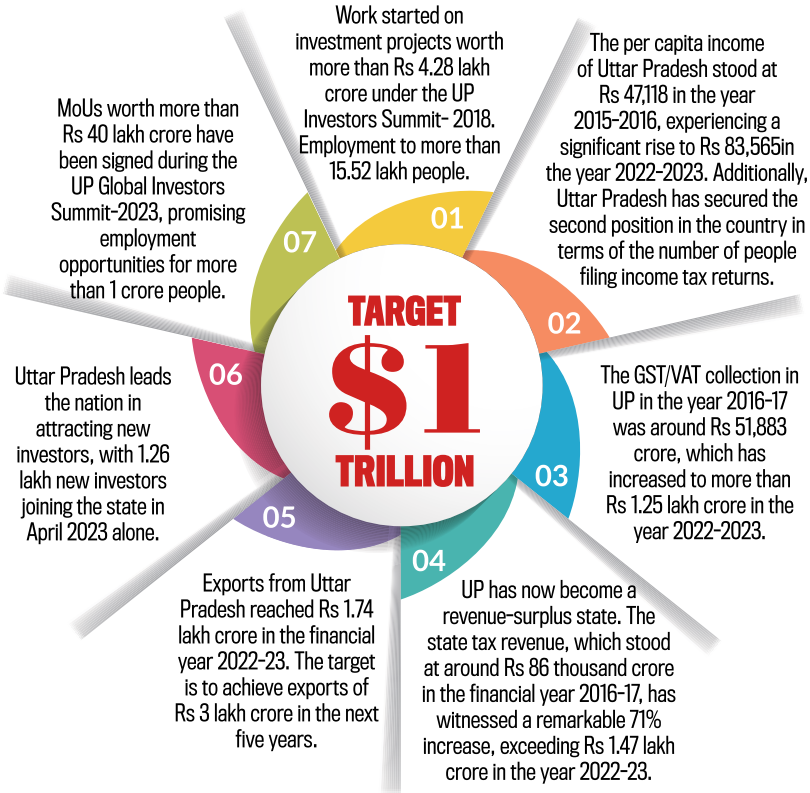

Empowered by the support from the state government, small entrepreneurs in the state have surpassed last year's loan records. Last year the MSME sector took a loan of Rs **83** thousand crores. In contrast, during the year 2022-23, these entrepreneurs obtained loans totaling Rs **1.5** lakh crore from banks.

In Uttar Pradesh, the innovative initiative of establishing private MSME parks spanning **10** to **50** acres is progressing under the "Pledge (Promoting Leadership and Enterprise for Development of Growth Engines) Scheme." Three such parks have been approved in the state.

Revised Startup Policy-2022 has been implemented. Startups are being strengthened through **63** incubators in the state with financial incentives. Over **1600** startups have been successfully registered on the "Start in UP" portal, marking a significant stride in fostering the startup ecosystem.

"The government's systematic efforts in various sectors are yielding tangible outcomes. Today, Uttar Pradesh has become the prime investment destination in the world. UP is the state attracting the most investment in the country. There is no identity crisis before the youth, entrepreneurs, and citizens of the state."

—***Yogi Adityanath,*** *Chief Minister of Uttar Pradesh.*

INFRASTRUCTURE ACCELERATES DEVELOPMENT

RAIL NETWORK: Uttar Pradesh boasts India's largest rail network, spanning over 16 thousand kilometers. Most of the area of Western Dedicated Freight Corridor and Eastern Dedicated Freight Corridor is also here. The junction of both freight corridors is in Dadri (Greater Noida).

EXPRESSWAY: Uttar Pradesh has solidified its status as an expressway state with a total of six expressways in operation, including the Yamuna Expressway, Agra-Lucknow Expressway, Bundelkhand Expressway, Purvanchal Expressway, Noida-Greater Noida Expressway and Delhi-Meerut Expressway.

AIR NETWORK: With the expansion of existing international airports in Lucknow, Varanasi, Kushinagar, and the addition of new airports in Jewar and Ayodhya, Uttar Pradesh is set to become the only state in the country with five international airports.

INLAND WATERWAY: The country's first inland waterway is being developed to connect eastern export centers like Prayagraj, Varanasi to Haldia port. The route from Varanasi to Haldia (about 1100 km) is already operational.

FREIGHT VILLAGE: India's first freight village is being developed on 100 acres in Varanasi. Connecting the export hubs of Eastern Uttar Pradesh to the ports of Eastern India, this "Village" will act as a "Trans Shipment Hub" for inbound and outbound cargo.

DEFENCE CORRIDOR: Of the two defence industrial corridors announced in India, one is being developed in Uttar Pradesh. Six nodes are being developed in the state as part of this initiative: Aligarh, Agra, Kanpur, Lucknow, Chitrakoot, and Jhansi.

TEXTILE PARK: Lucknow Mega Textile Park is set to be constructed with an estimated budget of Rs 1200 crore. This initiative aims to generate employment opportunities for one lakh individuals. Additionally, flatted factory complexes are underway in Agra, Gorakhpur, and Kanpur.

MANUFACTURING HUB: The state plays a pivotal role in the electronics and IT sector, contributing approximately 60 percent to India's overall mobile manufacturing. Moreover, around 55 percent of India's mobile components manufacturers are located in Uttar Pradesh.

INDUSTRIAL PARK: The state's first medical device park is taking shape near Yamuna Expressway. Concurrently, projects such as Film City, Toy City, Apparel Park, Handicraft Park, and Logistics Hub are also unfolding in the Yamuna Expressway region.

SOFTWARE PARK: Software parks are being established in Prayagraj, Lucknow, Kanpur, Noida and Meerut. An IT hub is being built on 40 acres of land in the Nadarganj industrial area near the Lucknow-Kanpur highway.
