industry experts who bring their expertise into the classrooms. The faculty members not only impart knowledge but also mentor and guide the students, fostering a conducive learning environment. Moreover, the faculty members at GLAU have global exposure from renowned institutions like IITs, IIMs, NITs, Harvard University, Wharton University, Oxford, etc.

RESEARCH

GLA University emphasizes research and innovation, encouraging students and faculty members to engage in research projects and publish their findings in reputed journals. It has 14 research centres and industrial labs in collaboration with industry leaders such as Legrand, Siemens, Rockwell Automation, etc. The researchers at GLA have published over 6500 publications in SCI and SCOPUS indexed journals. The university receives research grants from government departments and industry. With over 50 patents granted and 500+ patents published, GLAU has achieved many benchmarks in the area of research. Various departments of the Government of India have granted up to INR 19.5 cr to GLA University for research projects.

INDUSTRY COLLABORATION

Recognizing the importance of industry exposure, GLA University has forged strong ties with leading corporate organizations. The university collaborates with industry partners to develop curricula that align with industry needs, ensuring that students receive education that is relevant and up-to-date. Industry experts are invited as guest lecturers to share their insights and experiences with the students. Additionally, GLA University organizes industrial visits, internships, and campus placements to provide students with practical exposure and facilitate their transition into the professional world.

Yes, there are many colleges that boast their 6+ LPA average placements. But they charge 20-25 lakhs as the fee for engineering and management programs, on average. On the other hand, we take it as our responsibility to make quality education accessible to all at a reasonable fee. Not only that we are also providing premium placements. The result of our painstaking efforts is quite visible now in terms of ROI, GLA is best-in-class, Indeed.

— Narayan Das Agrawal, Chancellor, GLA University
