established at the district level to ensure excellence in education.

- Every Indian has the right to get better education. We all know that at the heart of better education lies a school. A school which not only has strong infrastructure but also ensures the academic environment, community relations and leadership development of teachers. An Utkrisht Vidyalaya fulfills such needs.
- An Utkrisht Vidyalaya will be constructed in every Panchayat. About 40,000 children had given the entrance examination for 12,000 seats in these schools.
- Along with this, Soren government is constructing 325 block level model schools in the entire state. At the same time, 4,091 Gram Panchayat level model schools are being established in the entire state.
- All these will be CBSE affiliated English medium schools. These will also have facilities for digital smart classes, science and language labs and national level sports training along with state-of-the-art infrastructure.

## GURUJI STUDENT CREDIT CARD

- To provide financial assistance to the 10th and 12th class passed (10th class passed for Diploma students) students of Jharkhand, who are deprived of getting higher education due to financial reasons, the state government has launched and implemented Guruji Student Credit Card Scheme.

- Under the scheme, the objective is to provide loans up to Rs 15 lakh at concessional rates for higher education to interested and qualified students by linking them with banks. There will be no processing fee for the loan.
- The applicant is getting easy loan at an annual simple interest rate of 4 percent. No margin money on loans up to Rs 4 lakh.
- The applicant will not have to keep any collateral. Also, the period to repay the loan will be upto 15 years (including the course period). Apart from the course fee, it also covers the expenses on hostel, mess fee, travel etc.
- Under this scheme, the government will give a total loan of Rs 500 crore every year to all the meritorious students of the state. The state government will provide 100 percent guarantee cover of the loan amount to the banks.

## PAARDESHIYA CHHATRAVRITI YOJANA

- 50 youth from the deprived class have gone abroad for higher education by taking advantage of the Marang Gomke Jaipal Singh Munda Paardeshiya Chhatravriti Yojana.
- Young men and women from Scheduled Tribes, Scheduled Castes, Backward Classes and Minorities are taking the benefits of the scheme.
- Under this scheme, higher education opportunities are available in 110 universities/institutions

in Britain and Northern Ireland. Through this scholarship, facility is being provided to do Masters/MPhil in any of the 31 subjects.

- Arrangements for free education are being made for maximum 25 students. Under the scholarship scheme, arrangements have also been made to pay tuition fees, air travel fare, annual allowance, visa fees, medical insurance premium payment and other expenses.
- Under the Chevening-Marang Gomke Jaipal Singh Munda Scholarship, a maximum of five students are getting the opportunity to pursue a one-year master's degree program in the UK.

## CHIEF MINISTER SARATHI SCHEME

- Under this scheme, free skill training is being given to the unemployed youths of Jharkhand.
- The state government is giving employment incentive allowance for maximum one year to everyone who is taking skill training. An incentive allowance of Rs 1,000 per month is being given to youth and Rs 1,500 per month to girls, disabled and transgenders.
- Non-residential trainees are being given a transport allowance of Rs 1,000 per month for commuting from their home to the training centre.
- Under the Chief Minister Sarathi Scheme, for the first time youth are getting free skill training at the block level through Birsa Centre. Beneficiaries can choose the trade as per their interest through proper counselling.
- For training, it is mandatory for the youth/girls to have minimum 5th pass qualification. This has made it possible to bring more and more beneficiaries under the ambit of this scheme.

## ABUA AAWAS YOJANA

- Abua Awas Yojana aims to provide permanent houses with basic amenities to lead a dignified life by 2026 to all eligible families who are houseless and living in kutcha and dilapidated houses in rural areas.
- Under this scheme, a target has been set to construct 8 lakh pucca houses. 2 lakh houses are to be constructed in 2023-24, 3.5 lakh in 2024-25 and 2.5 lakh in 2025-26.
- This scheme is 100 percent supported by the state government. The amount of assistance per housing unit is Rs 2 lakh.
- Construction of a three-room permanent house with kitchen is being done through Abua Aawas Yojana. The house will be constructed in minimum 31 square meters.
- Families living in kutcha houses, houseless and destitute families, families belonging to especially vulnerable tribal groups, families victims of natural calamities, legally released bonded laborers and such families who have never received the benefit of any government housing scheme are eligible for the benefits of this scheme.

## CHIEF MINISTER GRAM GAADI YOJANA

- The main objective of this scheme is to provide easy transportation service to the citizens living in rural areas, remote tribal settlements and other areas to reach Gram Panchayat, Block, Sub-Division and District Headquarters. This transport service is absolutely free.
- One of the goals of the scheme is to provide transportation facilities to the students living in rural areas to educational institutions for secondary and higher education.
- Under this, transportation facilities are being made available to the villagers up to the block, sub-division and district headquarters to get proper medical services.
- Through Mukhyamantri Gram Gaadi Yojana, farmers are getting the facility of transportation to the market or business center located at the block, sub-division and district headquarters for the sale of their produce and employment to the villagers.
- Through the scheme, transportation facilities are also being provided to disabled persons and senior citizens. With the Mukhyamantri Gram Gaadi Yojana, commuting in rural areas will become easier than before.
