Her profound understanding of international education system has led to significant changes in the Galgotias University. She has implemented some of the best practices of the internationally renowned institutions and encourages Holistic Teaching & Learning System for the intellectual growth of

> "We completely support our Prime Minister Modi ji's vision to empower the youth. He has time and again emphasized on skill development, digital India, make in India, and most importantly, nurturing an entire ecosystem of start-ups. It is our responsibility, as educational institutions, to provide that platform to our students wherein they can master their art and hone their skills."
