A firm believer and follower of her own ethics, values, crafts, and principles, Poonam Sharma moves selectively and meticulously on a pre-defined path, ensuring a hundred percent achievement. With her zeal to contribute in the development of India by making India a more knowledgeable society, Poonam Sharma who has done her MBA in International Business Management, established Accurate Institute of Management and Technology in the year 2006 and with her gifted insights, leadership qualities expanded it into Accurate Group of Institutions within a very short span of 4 years.

BIGGEST STRENGTH

Poonam Sharma's greatest asset lies in her adeptness at managing time efficiently, steering clear of unnecessary embellishments. Simplicity is her elegance, and foresight and vision are integral aspects of her character and routine. Swift and calculated decision-making is her key to success, showcasing her mastery of an agile personality. Poonam Sharma embraces the ideology of advancing with team spirit, demonstrating her strength at work and maintaining politeness in her interactions with faculty and staff. As a visionary, she is focused on the ambitious goal of establishing a world-class university with cutting-edge infrastructure, leaving no room for shyness or setbacks in her pursuit.

EMBRACING INNOVATION AND TECHNOLOGY FOR LASTING IMPACT

The landscape of education has undergone significant transformations, shifting from traditional rote learning to contemporary, innovative methodologies that make a lasting impression on young minds. Poonam Sharma acknowledges the pivotal role of technology in this evolution, advocating for its use in teaching, training, and learning. Technology has played a central role in this evolution, impacting various aspects of daily life, including personal interactions, business processes, and educational systems. Observing its rapid progress over the past decade, it's evident that we are yet to witness the full extent of its potential. The integration of virtual reality within the classroom introduces an unprecedented dimension to learning, leveraging the visual element to enhance the connection between concepts and information, surpassing traditional reading methods. Technology, in her view, is a catalyst for swift pedagogical transformation, addressing challenges in learning, teaching, and social functionalities. Poonam Sharma encourages students to embrace technology while urging teachers to innovate their teaching practices.

DEDICATION TO A WORTHY CAUSE

Poonam Sharma, driven by a commitment to providing quality education, ensures a campus environment characterized by ethical conduct, respect, responsibility, and trust. Within our institute, we adhere to honorable practices and are fortunate to possess a rich cultural heritage centered around the noble pursuit of providing quality education. We firmly believe that the freedom of thought and expression is imperative, recognizing that without it, the comprehensive development of individuals remains incomplete.

Our commitment extends across all levels of our campus, fostering an environment characterized by ethical conduct, respect, responsibility, and trust. At our institute, we strive to establish and pursue elevated standards by showcasing excellence in staffing, facilities, programs, and services. This involves promoting continuous improvement, encouraging interdepartmental collaboration, fostering creativity, innovation, and risk-taking among both students and faculty.

Recognizing the importance of inclusivity, Poonam Sharma emphasizes cultivating a community that welcomes diverse viewpoints for a culture of excellence in both academic and non-academic spheres.

MOTIVATION AND KEY TO SUCCESS

For Poonam Sharma, genuine joy and self-satisfaction stem from the success achieved at the end of each day. I firmly believe that my success is not solely an individual triumph but a collective result of contributions from various quarters. My family and mentors have played pivotal roles in my overall success, and I recognize that there is still a long journey ahead to bring excellence to my institution.

Maintaining a positive outlook towards life, people, and society is my guiding principle. I firmly hold the belief that the key is to initiate action, and the subsequent steps will unfold naturally.

PURSUING ACADEMIC EXCELLENCE

In her ongoing pursuit of academic excellence, Poonam Sharma ensures adaptation to the ever-changing dynamics of the market. We consistently adapt our curriculum and teaching methods to address the ever-changing dynamics and challenges. Acknowledging the impact of technology and globalization, we recognize the evolving landscape of education, foreseeing a future dominated by Edu-tech, digital learning, and online

> Poonam Sharma is at the forefront of educational innovation, leading significant transformations from traditional rote learning to more progressive methodologies. Her advocacy for the role of technology in teaching and learning showcases her commitment to staying at the forefront of educational advancements.

education. In recognition of our these efforts, Accurate Institute of Management & Technology has been awarded **"Best Institute with Excellent Placement Record of the year 2023"** by Topnotch Foundation.

Looking ahead, we anticipate numerous opportunities and significant growth, particularly

> Poonam Sharma's biggest achievement is the happiness and satisfaction of her students and faculty. With the institution thriving for the 17th year, she envisions another 25 great years, inspired by the profound quote of Swami Vivekananda: "Arise, awake and stop not, till the goal is reached."

with the government's initiatives through the National Skill Development Corporation (NSDC) to recognize skill-based programs. This move aims to bring about a transformative shift in employment patterns across the country. Addressing the current need for innovation, we are exploring ways to introduce flexibility in course completion, allowing breaks and enabling students to tailor their educational pace according to their comfort. Initiatives such as blended learning, flipped classrooms, and Bring Your Own Device (BYOD) for learning are integral parts of our strategy to equip students with competency and self-ownership in the learning process. While professors in our campus serve as guides, motivators, and problem-solving specialists, our ultimate passion lies in elevating our students, academicians, and staff members to the pinnacle of success.
