ARCHITECTURAL VISIONARIES

42MM

42mm, a multi-disciplinary practice, excels in architecture, interior design, urban planning, and master planning, showcasing a decade of design excellence. The portfolio reflects a commitment to innovation, steering away from conventional models. The firm actively engages in research, development, and implementation of pioneering design strategies, operations, and details. Each project receives personalized attention, with a focus on understanding end-users in relation to their environment.

At 42mm, priority lies in creating design solutions tailored to meet specific project criteria. The emphasis on understanding the end- user's relationship with the environment is evident, recognizing the built environment's role in enhancing quality of life. The design process involves a meticulous analysis of function, user, site, and social context. Seamless integration of spatial organization with systems like structure, services, finishing, and lighting contributes to the distinctive character of each place.

The firm is sensitive to contextualization, globalization, and environmental concerns, striving to create meaningful, sustainable environments that promote well-being. Sustainability is prioritized through passive and active solar design, fostering clean, energy-efficient spaces. A collaborative approach, comprehensive consultation, and a commitment to introducing clients to contemporary design contributes to lasting relationships with clients. The firm's ethos revolves around ambition, service, and a dedication to delivering optimal design solutions for each project.

ATREY & ASSOCIATES

In the world of architecture, some visionaries stand out for their unwavering commitment to sustainability, intricate attention to detail, and the ability to weave luxury seamlessly into eco-conscious living . Atrey & Associates, led by the mastermind architect Ar. Arun Sharma, exemplifies this unique blend of art and science, making their mark as a pioneering force in Delhi's architectural landscape.

Established in 1997, Atrey & Associates has spent the last two decades revolutionizing architectural and interior design, leaving a trail of exquisite creations and redefining the concept of luxury. At the heart of their success lies Ar. Arun Sharma's core philosophy: sustainability should never compromise the comfort and opulence that discerning clients expect.

Atrey & Associates' designs seamlessly blend the exterior with the interior, creating unified, holistic living spaces.

Sustainability is the cornerstone of their work, embracing locally obtainable and environmentally friendly materials like bamboo, ash wood, and mud bricks. For Atrey & Associates, architects play a pivotal role in creating a sustainable future while upholding the luxury and comfort expected by their clients.

Atrey & Associates' commitment to excellence and sustainability has earned them a nomination at the World Architecture Festival (WAF) 2023

Interior Aesthetics: Modern Charm Meets Eco- consciousness

Atrey & Associates' expertise extends beyond façade design; they excel in crafting interiors that harmoniously blend modern charm with eco- conscious living. Using wooden accents and sustainable material, they create luxurious yet environmentally responsible living spaces. Their meticulous color palette choice evoke a cozy and inviting atmosphere, and the incorporation of water features enhances the overall ambiance.

Atrey & Associates invites you to step into realm of design fantasy, where each space tells a unique story of comfort and elegance. Here, luxury and sustainability coexist, making every corner of their creation a testament to style and environmental responsibility.
