Dr. Hitender Suri

Ancient Ayurvedic treatment for Fistula, WHO-approved and boasting the lowest recurrence rate globally, is a testament to his innovative prowess.

"I believe in merging the wisdom of ancient healing practices with cutting-edge technology. It's about offering the best of both worlds to my patients,"
Dr. Suri explains.

Beyond his medical feats, Dr. Suri's philanthropic spirit shines brightly. He has organized around 100 free camps and performed nearly 1000 surgeries on financially disadvantaged patients, epitomizing the true essence of compassionate care.

"Healthcare should not be a privilege but a basic human right. My mission is to make quality treatment accessible to all,"
Dr. Suri states.

His relentless drive for innovation extends to adopting the latest technology in healthcare. The GMS Piles Relief Device, a home care device from India, earned him recognition at the ISURC Conference in London. Dr. Suri's unwavering determination to create awareness during the COVID-19 pandemic led to the successful online campaign 'Let's Together Defeat COVID 19, which created history by setting a new record. It was followed later by Govt of India, PMO office appreciating and acknowledging marvelous efforts by Dr. Hitender Suri.

"The pandemic challenged us to come together as a community and stand strong. Our collective efforts can bring about great change,"
Dr. Suri emphasizes.

Reflecting on his journey, Dr. Suri humbly recalls his modest beginnings and the arduous path he traversed. His dedication and compassion soon made him a renowned figure throughout North India, and his quest for knowledge led him to advanced training in Italy.

"Success is not an individual achievement; it's a result of collective determination and hard work,"
Dr. Suri acknowledges.

Rana Piles Hospital, under Dr. Suri's able mentorship, stands as a beacon of hope for those seeking relief from piles and related ailments. The hospital's success lies not just in its state-of-the-art facilities but also in the personalized care that patients receive.

"We treat our patients like family, ensuring they receive not only the best treatment but also emotional support during their healing journey,"
Dr. Suri shares.

Dr. Suri's journey from humble beginnings to global recognition is a testament to the transformative power of perseverance and empathy. His legacy inspires generations of medical professionals to embrace compassion and innovation as guiding principles in their practice.

"Piles may be a physical ailment, but it impacts a person emotionally too. Healing is not just about curing the body; it's about nurturing the spirit,"
Dr. Suri says with a gentle smile.

As Punjab, and indeed all of India, proudly celebrates Dr. Hitender Suri as a true icon of healing and compassion, his words resonate as a guiding light for all aspiring healers: "The journey of healing is one of love, empathy, and the unwavering belief in the power of medicine to change lives."
As for his personal life, Dr. Suri is well supported by his wife, Dr, Deepika, whose expertise lies in the realm of infertility, where she harnesses the power of classical Ayurvedic preparations and Panchakarma to offer hope and healing to those struggling to conceive. While Dr Suri's father has always ensured that he becomes a successful doctor, his mother is a pious, religious lady under whose influence, he himself has become a highly spiritual and motivated person, ready to move mountains to achieve his goals.
In Dr. Hitender Suri, we find not just a doctor but a visionary who has redefined the landscape of piles treatment, leaving an indelible mark on the hearts of those he has healed. His pioneering spirit, compassion, and relentless pursuit of excellence continue to inspire hope and transformation in the world of medicine, making him a true maestro of piles.
