## KEY TAKEAWAYS

- The BJP is seeking a mandate for the third term to make India the third-biggest economic power. By August 15, 2047, India will be self-reliant, developed, and No. 1 in the world
- CAA has no gene or virus of the NRC (National Register of Citizenship). It's an altogether new law that has nothing about revoking anyone's citizenship, only about giving citizenship. The minorities of this country are being misled
- Muslims have been excluded from its purview because the countries in question are Islamic states where they are unlikely to have been persecuted. CAA is about giving citizenship to those who have faced oppression in Islamic nations like Pakistan, Bangladesh and Afghanistan
- The party has fulfilled all its commitments since 1950—abrogating Article 370, constructing the Ram temple in Ayodhya, ending Triple Talaq and implementing CAA. It will implement UCC too; BJP-ruled Uttarakhand government has provided a template

### ON CASTE CENSUS

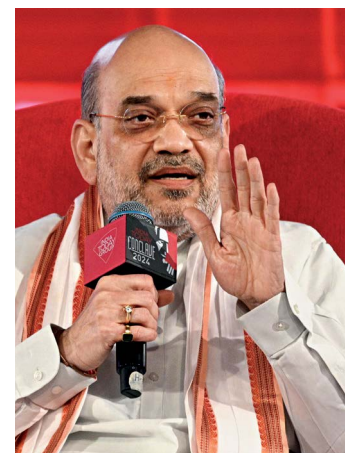

RAHUL GANDHI CANNOT SEE THAT **OUR PRIME MINISTER IS AN OBC, 27 CABINET MINISTERS ARE OBCs.** HE IS COUNTING JOINT SECRETARIES. A JOINT SECRETARY'S AGE IS ROUGHLY 52 YEARS. 52 YEARS BACK, WE WEREN'T RECRUITING, THEY WERE

### ON SANDESHKHALI

**Sandeshkhali is a disease, a cancer that is beginning to show. When a state is run on appeasement and vote bank politics, law and order suffers; development is asymmetric. Rs 51 crore was confiscated from the house of a minister, yet Mamata Banerjee is questioning the ED!**

### ON ONE NATION, ONE POLL

**ELECTIONS IN THIS COUNTRY ARE HELD TOO OFTEN, KEEPING PEOPLE TIED DOWN,** THE EXPENSES MOUNTING AND POLICY-MAKING IMPEDED. ONE NATION, ONE ELECTION CAN SOLVE THIS

### ON CAA

**If you say no law should be based on religion, what is Muslim personal law?**

### ON PAKISTAN-OCCUPIED KASHMIR

**PoK IS A PART OF INDIA, THERE IS NO QUESTION OF HINDU OR MUSLIM.** THE MUSLIMS THERE ARE OURS, THE HINDUS THERE ARE OURS

Apart from electoral math, of which he is the undisputed badshah, the home minister also explained the government's position on a variety of issues—from the Uniform Civil Code to the Kashi Vishwanath Corridor, from the caste census to One Nation, One Poll, from the allegation that the BJP unleashes central investigating agencies against its opponents to the violence in Manipur.

And if one thought they could corner the home minister on the current controversy over electoral bonds, Shah remained undeterred, claiming that the BJP got only Rs 6,000 crore out of the total Rs 20,000 crore of bonds. While respecting the court judgment, he feared overturning the bonds would mean black money would return to politics.

Unfazed, Shah maintained his party follows the agenda of development, not division, an agenda tied to the nation's security, self-respect and the primacy of its culture. Doffing a hat to his boss and political mentor and the prime minister of the country, Narendra Modi, he said his rise has meant the end of casteism, nepotism, appeasement and corruption in Indian politics. As for himself, he said: "My political birth was in the BJP, my demise, too, will be in the BJP." ■
