

OUTRAGEOUS OUTSIDE INCREDIBLE INSIDE

AN EXTERIOR THAT MIGHT BE HARD TO LIKE, AN INTERIOR THAT'S EVEN HARDER TO FAULT, THE SEVENTH GENERATION BMW 7 SERIES IS UNLIKE ANY LUXO BARGE CURRENTLY ON SALE IN INDIA

BY DHRUV SAXENA

For its seventh generation, BMW seems to have ripped the 7 Series playbook apart and tossed it into the fire to completely reinvent its flagship sedan. And just as well considering that despite BMW's best efforts, the 7 Series was unable to match its compatriot Mercedes-Benz S-Class' success globally. The outcome is a radical departure from its predecessors across the board, a sedan that has been at the receiving end of unending criticisms for its styling ever since its debut.

It's not hard to see why the new 7 has garnered such strongly divided opinions. The sedan grabs plenty of eyeballs on the road, but it isn't exactly easy on the eyes. Styling preferences are always quite subjective, and BMW's shock-and-awe approach for the exterior has not gone down too well with some. For us, this Rolls-Royce-esque profile does help the new 7 Series stand out and attract attention like no other in its segment and in some sense, that's a big win considering plenty of buyers for cars like these will appreciate all the attention this car gets. Also, the controversial exterior has driven plenty of conversation on the internet, positive and negative, but that has only helped it reach more screens, and, as they say, all publicity is good publicity. Darker shades like the Tanzanite Blue shade pictured here agree more with the 7's controversial styling than lighter tones for sure. The M Sport package restricts the usage of chrome to the grille and
