SALIENT ACHIEVEMENTS

Dayanand Medical College has garnered several accolades over the years, establishing itself as one of the top private medical colleges in India. DMC&H is NABH accredited, a testament to its high standards of healthcare and education. In 2023, DMC was ranked 1st in North India and 4th among all private medical colleges in India by The Week Magazine. It also secured 35th rank in the National Institutional Ranking Framework (NIRF) by the Ministry of HRD, Government of India.

The institution has a vibrant research and development wing, having published 884 papers over the last four years. DMC has produced approximately 3300 graduates and 2200 postgraduates, including super specialists, contributing significantly to the medical field.

DMC&H CANCER CARE CENTRE

The DMC&H Cancer Care Centre is dedicated to the comprehensive care of cancer patients, focusing on prevention, detection, and treatment. The centre is a 129-bed, centrally air-conditioned facility with four state-of-the-art operation theatres and 30 chemotherapy chairs. It is equipped with 4D PET CT, CT Scan, advanced mammography, MRI, and various other nuclear medicine modalities, providing cutting-edge diagnostic and treatment services.

The centre features a bone marrow transplant wing and an international, multidisciplinary tumour board, ensuring comprehensive and coordinated care. It offers advanced radiation therapies including Rapid Arc, IGRT (Image Guided Radiation Therapy), IMRT (Intensity-Modulated Radiation Therapy), 3D ICRT (Intracavitary Radiation Therapy), and SBRT/SRT (Stereotactic Body Radiation Therapy). Brachytherapy services are also available.

Hero DMC Heart Institute

HERO DMC HEART INSTITUTE

Hero DMC Heart Institute (HDHI) is recognized as the premier cardiac care facility in North India. Established to provide world-class cardiac care, HDHI is dedicated to the prevention, detection, and treatment of heart disorders. The institute offers advanced procedures such as TEVAR (Thoracic Endovascular Aortic Repair), TAVI (Transcatheter Aortic Valve Implantation), Biventricular Pacing, IVUS (Intra Vascular Ultrasound), and complex coronary interventions.

The institute performs 99% of the CABG (Coronary Artery Bypass Grafting) surgeries with total arterial complete revascularization using bilateral IMA. The facilities include laminar flow and HEPA filters in operation theatres, ensuring a sterile environment. HDHI has a centrally air-conditioned 190-bed facility, with 80 beds in ICCUs/recovery rooms, and a 24-bed emergency wing. The institute also includes two digital Cath Labs with DSA facilities and is equipped with state-of-the-art technology, including ECMO (Extracorporeal Membrane Oxygenation) facilities, nuclear medicine SPECT cameras, and continuous renal replacement therapy (CRRT).

DMC&H serves as a preferred healthcare destination for people from Punjab and the surrounding states of Himachal Pradesh, Haryana, Rajasthan, Jammu & Kashmir, and Chandigarh, as well as NRIs.

The hospital is a 1625-bed facility, including 224 multi-specialty ICU beds, 88 beds in the emergency and trauma wing, and 135 private rooms.
