ANURAG UNIVERSITY : THE UNIVERSITY OF INSPIRATION

NIRF-ranked the best private university in Telangana, Anurag University is committed to building a generation that's ready to bring a new tomorrow. Holistic teaching is at the core of its ethos, using Outcome Based Education (OBE), and Project Based Learning (PBL).

The courses range from Pharma, Management, Agriculture, Engineering and Medicine. The university is proud to be launching the Neelima Institute of Medical Sciences, with MBBS starting this academic year. At AU, quality education comes with real-world experience that bridge the gap Industry and Academia.

A consistent track record of 100% placements resulting in 1500+ placements in 2023, and 1000+ in 2024 so far, over 200 recruiters have found their future leaders here.

The university campus is as vast as it is inspiring, spanning 100 acres with state-of-the-art infrastructure and 1 million

sq. ft. dedicated to academics and amenities. The hostel facilities are unmatched, offering 100% accommodation with spacious rooms, study areas, and gyms, truly making Anurag University, a ome.

At Anurag University, life is made of wonderful experiences. Of learning, of growing, of broadening horizons, and breaking fresh ground. So students remain hungry for greatness, and inspired for life.

LAUNCHING SUCCESSFUL CAREERS: Anurag University is first in Telanagana to develop and launch a satellite, AnuragSAT, with 200 students collaborating with ITCA on a nanosatellite. AU alumnus Nikhil Gunda, founder of Gear Head Motors, secured investment on Shark Tank, making his company a major player in the electric mobility industry.

THE NEELIMA INSTITUTE OF MEDICAL SCIENCES: The Neelima Institute, permitted by the National Medical Council and certified by the Government of Telangana, empowers future healthcare leaders with comprehensive facilities for teaching, research, and patient care. It offers undergraduate medical and paramedical courses.

VIDYA JYOTHI INSTITUTE OF TECHNOLOGY

Vidya Jyothi Institute of Technology was established in 1998 has become the prime destination for aspiring engineers. Recognized for its high standards in technical education, VJIT is an autonomous institute under UGC, accredited by NAAC with an A+ Grade, approved by AICTE, and permanently affiliated with JNTU(H).All the eligible departments of Engineering are accredited under tier-1. VJIT's reputation is further solidified by its NIRF Rank 200 in the Engineering category in 2022, under Innovation category 151-300 rank band in 2023. The introduction of B.Tech Minor and Honors programs demonstrates their commitment to providing diverse and in-depth educational opportunities. At the undergraduate level, VJIT offers B.Tech programs in Computer Science & Engineering (Data Science), Computer Science & Engineering, Information Technology, Electronics & Communication Engineering, Electrical & Electronics Engineering, Mechanical Engineering, Civil Engineering and Computer Science & Engineering (AI&ML). VJIT offers M.Tech programs in Computer Science & Engineering, Structural Engineering, Electrical Power Systems, Embedded Systems and CAD/CAM. The MBA program focuses on key areas like finance, marketing, HR management, and entrepreneurship further highlights the institute's holistic approach.

The significant achievements in research, with over 500 Scopus-indexed publications, 17 patents granted & 48 patents published. Institute received research grants worth Rs175

lakhs from DST, AICTE, MSME and MHRD IIC. The Centers of Excellence (CoE) with industry leaders like EPAM, Virtusa, Qlik, Sustainable construction practices and materials" in association with Ultratech Cement, ICI Knowledge Center in Civil Engineering, and AWS Educate Program provide advanced training and exposure to cutting-edge technologies. Partnerships with Eduskills and Infosys Springboard offer students opportunities to earn industry-recognized certifications, enhancing their employability. The JNTUH recognized research centers in CSE, ECE, EEE, and Mechanical Engineering departments underscore VJIT's commitment to research and innovation.

The Secretary & Correspondent of the Institute Dr. P Rajeshwar Reddy's emphasis on creating a conducive environment for learning and real-world preparation highlights the institute's holistic approach to education. VJIT has achieved outstanding placement results, with 1303 offers in 2023

and 612 offers in 2024 from over 200 companies. The average placement rate for eligible students stands at 85%, with the highest package reaching Rs. 12 LPA and the average package being Rs. 4.8 LPA. In addition to excellent placement opportunities, VJIT provides unique experiences for students, such as participating in conferences, internships, and presentations at foreign universities. The Satellite student team notably participated in the CANSAT competition organized by IN-SPACe, the Astronautical Society of India (ASI), and ISRO. The team won the Best Design Award for CANSAT in 2024 and received the Global Jury Award for their satellite "Nambisat" in the world CANSAT rocketry competition held in Serbia in 2022.

"The recognitions VJIT has attained confirm the consistent efforts placed in preserving the high standards of technical education."
