GOKARAJU RANGARAJU
INSTITUTE OF ENGINEERING AND TECHNOLOGY

Gokaraju Rangaraju Institute of Engineering and Technology (GRIET), established in 1997, aims to "impart quality education with an emphasis on practical skills and social relevance." Approved by AICTE and permanently affiliated with Jawaharlal Nehru Technological University, Hyderabad (JNTUH), GRIET offers nine B.Tech and six M.Tech programs.

Distinctions: GRIET is accredited by NAAC with an "A++" grade and NBA for six UG and four PG programs. It has autonomous status granted by UGC and JNTUH Hyderabad and is among 25 private institutes awarded the TEQIP-II grant supported by the World Bank. The institute boasts excellent infrastructure, including well-furnished classrooms, seminar halls with AV equipment, laboratories, a computer center, canteen, sports facilities, medical facilities, transport, a bank with ATM, and a WiFi-enabled library with e-resources.

Awards of Excellence: Ranked in the 101-150 band in NIRF 2023 and recognized by prominent ranking agencies like Times of India, India Today, The Week, and Competition Success Review, GRIET has earned numerous honors, including Best Student Project (2017) and Best Engineering College (2009).

Academic Results and Research: GRIET prides itself on its faculty from academia and industry, with a consistent record of academic excellence. The Mechanical Engineering department is recognized as a potential research center, undertaking numerous funded projects. The institute promotes research, earning SIRO recognition from DSIR.

Training and Placements: GRIET's dedicated placement cell achieves 90-95% placement rates, training students from their first year. Top recruiters include TCS, CapGemini, IBM, and Amazon. Many students pursue higher studies or become successful entrepreneurs.

Beyond Academics: GRIET encourages extracurricular activities through student-run bodies and professional branches, and promotes social awareness through its NSS unit. The institute's strong alumni network spans the globe, supporting current students.

AVANTHI GROUP OF COLLEGES: STRIVING FOR EDUCATIONAL EXCELLENCE

In today's knowledge-based economy, educational institutions play a crucial role in producing qualified and competent graduates who lead to success. For aspiring students, Avanthi Group of Colleges in Hyderabad stands out as an ideal destination, offering the necessary knowledge, experience, and exposure for a successful professional future. With over 30 years of experience, Avanthi has been a pioneer in redefining education, consistently prioritizing student needs and delivering top-notch education.

The Avanthi Group offers a wide range of subjects and courses, including undergraduate, postgraduate, and diploma programs. It also encourages students to participate in various extracurricular activities such as sports, social service, symposia, and cultural activities, providing a well-rounded educational experience.
The institutions boast modern and sophisticated infrastructure, including well-equipped libraries and labs. Additional facilities such as gymnasiums, canteens, hostels, and mess facilities enhance campus life. Strategically located, the college ensures easy access for students residing across Hyderabad.

The Avanthi advantage lies in its alumni, who hold esteemed positions in reputed organizations worldwide, serving as a source of inspiration for current students. The training and placement cell is dedicated to counseling and guiding students through pre and post-placement talks.

M Srinivas Rao, Founder Chairman, Avanthi Group of Colleges.

The future of any country lies in its ability to effectively utilize its resources. In today's rapidly evolving world, a thorough revision of education policies is crucial to becoming a knowledge superpower. Our institutions have made significant progress toward this goal, earning accreditation from the National Assessment and Accreditation Council (NAAC).

Despite the challenges posed by the pandemic, numerous Avanthi students secured placements in multinational corporations during the academic year 2023-2024.
