SNS GROUP OF INSTITUTIONS: EMPATHIZING STUDENTS

DESIGN THINKING@ EDUCATION SPACE

We, the SNS Group, is an educational institution -for students of different degrees - that follows a different aspect of education! What we ambassador is that students' education should be executed through innovative methods and being able to be applied directly to the society and making the student highly qualified!

Nalin S Secretary / Trustee,
SNS Group of Institutions Coimbatore

For us, learning is a holistic experience that we strive towards every day.

Redesigning Thoughts – Design Thinking (DT)

Design Thinking is the method through which people make our world better. . . we, SNS SPINE, pursue to achieve, by educating students on Design Thinking and making them capable professionals - training the gen Z to deal with the modern problems of society and come up with new solutions!

Five Pillars Of Edu' Success

We believe that the success behind our educational tactics is due to our five core methodologies- acquiring knowledge, practical development, social skills, emotional skills and interactive skills with creative thinking .We teach our students to recognize themselves as with a strong culture of giving back to society.

Emerging Tech

Our Institutions provide the students with emerging technologies on industry verticals- Smart City/Manufacturing,

Health Care, Agriculture & Food Technology, Automobile, Aerospace & Defence, Retail (FMCG), Real-Estate, Entertainment & Finance (BFSI) and Power/ Energy. Students provided the 7 thrust areas of technologies - Robotics & Automation, AR / VR / MetaVerse / Gaming & Digital Twins, Data Science / AI / ML, Internet of Things, Communication and Growth Tech, Additive Manufacturing(3D Printing) and Low Code Development.

Lifestyle Beyond Class

To make the educational experience of our students inclusive and participative, we introduce students to networks where they interact with people who share the same level of ambitions. Our SNS Institutions approach is multi-layered aiming to encapsulate as much of the real-world as it can.
