A MAHARATNA COMPANY

POWERING PROGRESS

A Look at **REC Limited's Achievements**

REC Limited has played a pivotal role in shaping India's power sector landscape. Established in 1969 with a focus on electrifying rural India, REC has evolved into a leading NBFC to finance the entire power sector value chain, including generation, transmission, distribution, and renewable energy segments.

Illuminating India: REC's primary mission since its inception has been to bridge the gap and electrify whole India. Through financial assistance for power projects in underserved areas, REC has significantly contributed to India's electrification drive. Our financing has helped build transmission and distribution lines, substations, and renewable energy projects, bringing light to millions of homes across the country. Every fourth bulb illuminated in the country is financed by REC. In last 10 years, REC has disbursed Rs. 7.32 lac crore to the power & infra sectors.

Financing Power Growth: REC has emerged as a critical financial institution for the entire power sector. We provide loans for various power projects, including generation (thermal, hydro, renewable), transmission, and distribution. The loan book of REC has maintained its growth trajectory and increased to ₹ 4.97 lakh crore as on 31st December 2023. Our 90% lending is in state sectors and 10% lending in private sector.

Maharatna Status and Diversification into Non-Power Infrastructure: In September 2022, REC got Maharatna Status. Post this, Govt. allowed REC to lend to the logistics and infrastructure sectors up to 1/3rd of our total sanctions annually. Till 31st December 2023, REC sanctioned Rs. 1.27 lakh crore to non-power infrastructure sectors comprising Roads & Expressways, Metro Rail, Airports, IT Communication, Social and Commercial Infrastructure (Educational Institution, Hospitals), Ports and Electro-Mechanical (E&M) works in respect of various other sectors like Steel, Refinery, etc.

Championing Renewable Energy: Recognizing the importance of clean energy, REC has become a leading financier of RE projects in India. REC's Loan book in Renewable Energy space has grown to Rs. 29,073 Cr i.e. 7% of REC loan book in 2022-23. REC has targeted to increase RE Portfolio to Rs. 3 lakh Cr by FY2030.

Innovation and Efficiency: REC has continuously embraced innovation to improve its services and efficiency. We have implemented online loan applications, streamlined processes, and adopted digital solutions for faster loan disbursements. Additionally, REC actively participates in the development of new financial instruments, such as green bonds, to support sustainable power projects.

REC ACHIEVEMENTS OVER YEARS

- **2017** First Indian PSU to issue USD Green Bonds on London Stock Exchange
- **2018** Achieved 100% village electrification under DDUGJY as Nodal agency
- **2019** Achieved 100% Household Electrification under SAUBHAGYA as Nodal agency

- **2023** Lowest Net NPA in industry at 0.82%
- **2024** Appointed as Project implementing Agency for PM Surya Ghar Muft Bijlee Yojna

Financial Sustainability: REC has maintained a strong financial performance, contributing to India's overall economic well-being. We have consistently achieved healthy profitability and a strong credit rating, allowing us to provide competitive financing options. REC holds the highest credit rating from CRISIL, ICRA, IRRPL & CARE and internationally rated at par with the sovereign ratings. Additionally, our focus on diversified loan portfolios helps mitigate risk and ensures long-term financial stability. In the last 8 quarters, we did not have any NPA and we hope, by March 2025, we shall be a Net zero NPA company.

Nodal agency: REC continues to play a key strategic role in the flagship schemes for the power sector and has been nodal agency for Pradhan Mantri Sahaj Bijli Har Ghar Yojana (SAUBHAGAYA), Deen Dayal Upadhaya Gram Jyoti Yojana (DDUGJY) & National Electricity Fund (NEF) Scheme. REC has also been made the nodal agency for the Revamped Distribution Sector Scheme (RDSS) under which Govt. targets to install 250 million smart meters by 2025. Recently, REC has also been given the responsibility of PM Surya Ghar Muft Bijli Yojana under which Govt. targets to install Roof Top Solar on 1 Crore households.

In conclusion, REC Limited's achievements over the past five decades have been instrumental in shaping India's power sector. From illuminating rural homes to fostering renewable energy adoption, our multifaceted efforts have empowered communities, strengthened the economy, and paved the way for a sustainable future. REC's commitment to innovation, financial prudence, and social responsibility positions us as a key driver of India's ongoing power sector transformation. ■
